

Welcome to the 2014 Cape May County Emergency Preparedness Conference

Cape May County Freeholder Director Gerald M. Thornton

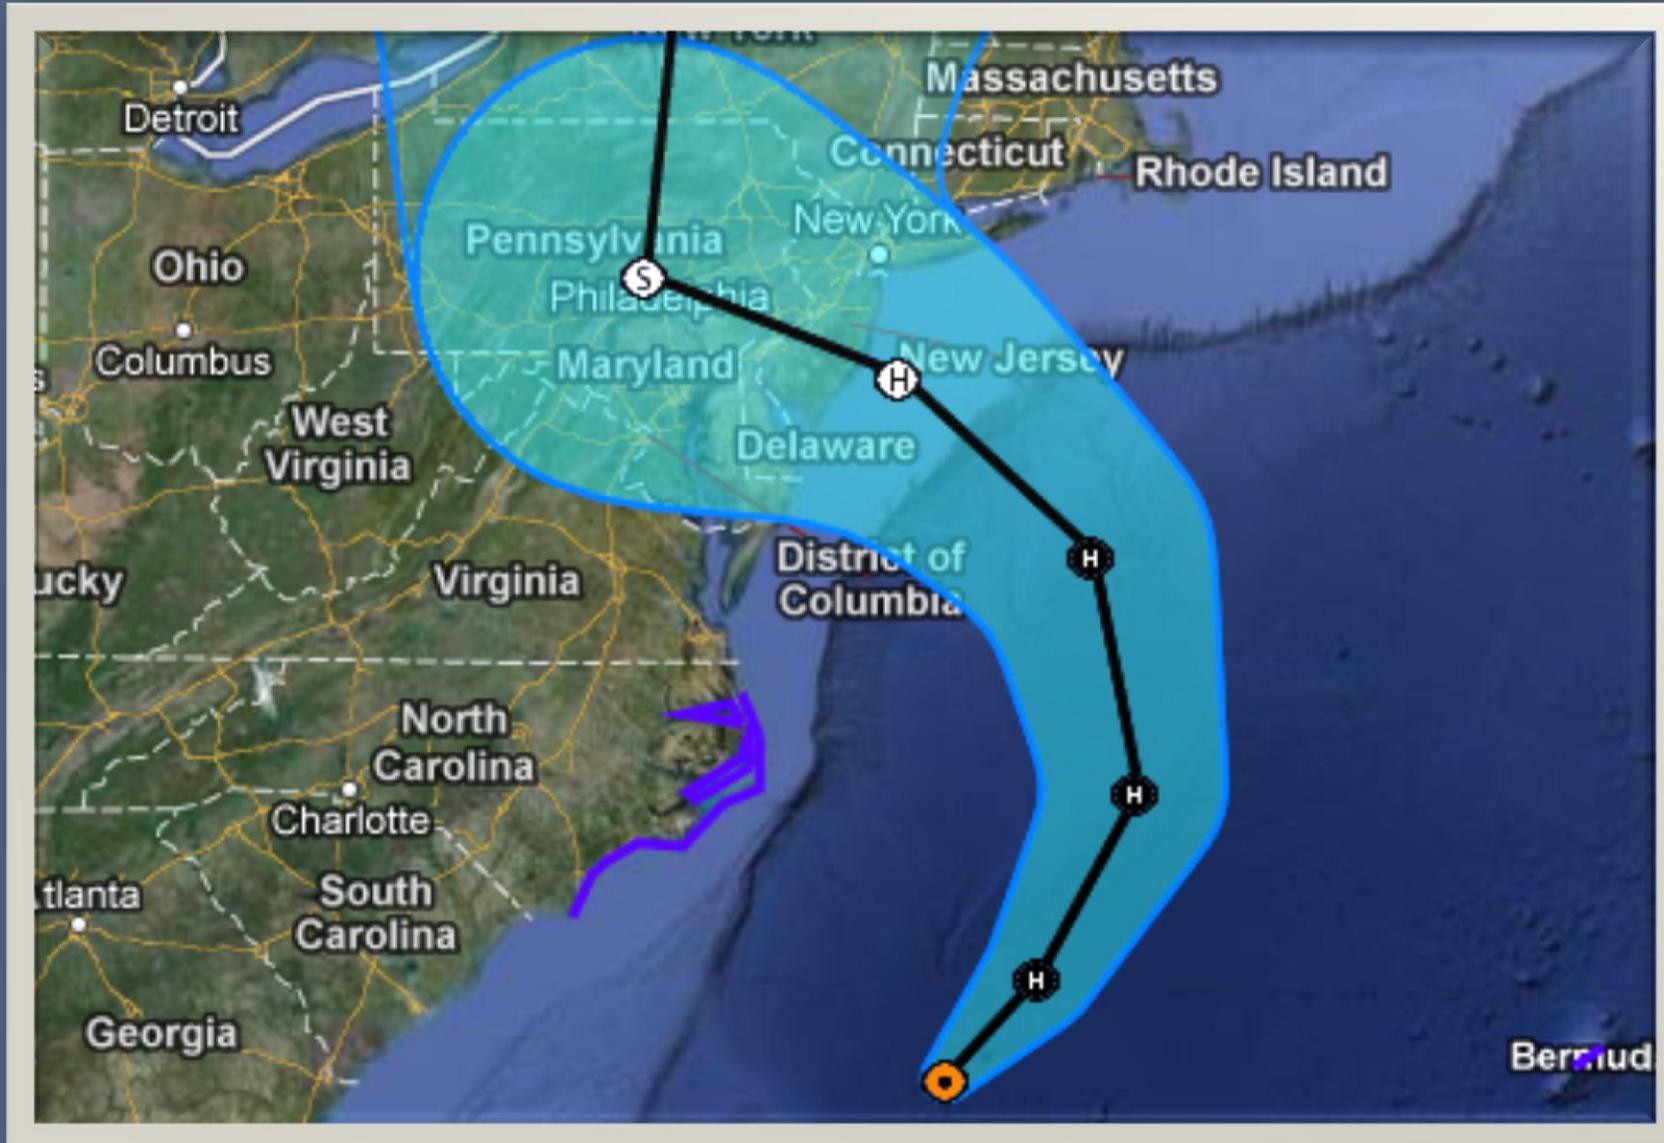

Cape May County Emergency Management Coordinator Martin Pagliughi

www.capemaycountyemergency.net

October, 2012: Hurricane Sandy takes a turn and comes ashore in New Jersey and changed emergency management planning and notification forever in the Garden State. Sandy was truly a game-changing storm.

A devastating storm like Sandy could not happen here? It almost did. If Hurricane Sandy's left turn occurred 40 miles to the South, it would have been a much different story for us.

18 months have passed since Hurricane Sandy impacted the State of New Jersey and Cape May County. What has the Cape May County Office of Emergency Management done since the storm arrived?

Since Hurricane Sandy, the County has acquired 22 high wheel United States Army surplus vehicles to serve our municipalities during emergencies and storm events.

Cape May County has formed its own County Animal Response Team (CART) to address the needs of pet owners, and pets, during an evacuation.

Important points to consider:

1. Red Cross shelters do not accept pets
2. Pet owners will not evacuate unless their pets are out of harm's way
3. Cape May County has volunteers who will assist pet owners with caring for their pets during an evacuation.
4. The CART Team meets monthly to discuss challenges facing pet evacuations.

Current resource available from the Borough of Avalon

Avalon's Emergency Evacuation Pet Shelter includes installed pet cages, climate control, veterinary work station, running water, lighting. Available to any community in the state who needs to safely evacuate pets during an emergency situation. The shelter was successfully used during hurricanes Irene and Sandy.

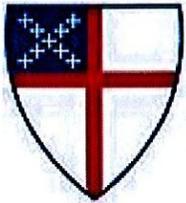

Current resources available from Cape May County

County emergency evacuation trailer and pet carriers to be installed by the Cape May County Technical School inside a remodeled office trailer

Partners in Disaster Recovery

CWS

Introducing the Cape May County Long Term Recovery Group and the partnerships that have been created since Hurricane Sandy to effectively help those with tremendous needs in our county.

County leadership created the Cape May County Long Term Recovery Group
You can find the group on Facebook and to learn more

Our mission:

Provide recovery services to individuals/families who have been affected by a natural/manmade disaster

To date:

-100 individual cases have been handled with resources secured to help individuals in need

-11 households received direct funding totaling \$111,500 for repair/construction purposes; 9 were completed by May 31st, 2014.

Development of Cape May County Emergency Management Website www.capemaycountyemergency.net

The screenshot shows a web browser window displaying the website <http://www.capemaycountyemergency.net/>. The browser's address bar shows the URL and the page title "Cape May County O...". The website features a blue header with the "Cape May County NEW JERSEY" logo and a prominent red "EMERGENCY" button. Below the header is a navigation menu with links for Home, Important Contacts, Storm Center, Planning for Emergency, Emergency Plan, Helpful Videos, and Storms. The main content area is divided into two columns. The left column is titled "EMERGENCY UPDATES" and features a link for the "2014 Emergency Preparedness Conference Flyer" dated 2014-05-22 14:12:25 mhuff. Below this is a large graphic for the conference, including the Cape May County seal and the text "Director Gerald M. Thornton and the Board of Chosen Freeholders cordially invite you to attend the 2014 Emergency Preparedness Conference" on Tuesday, June 3, 2014, at The Wildwoods Convention Center. The right column is titled "IMPORTANT LINKS" and lists several resources such as CMCOEM Numbers and Personnel, Cape May County Municipal websites, Cape May County Road Closure Updates, Cape May County Facebook, Cape May County Shelters, Cape May County Multi-Jurisdictional All Hazards Mitigation Plan Volume I and II, Atlantic City Electric Outage Map, and Cape May County Website. Below this is a section for "IMPORTANT INFORMATION" with a link to "Learn About HMGP 4086 Mitigation Funding Allocations". The Windows taskbar at the bottom shows the time as 8:04 AM on 5/28/2014.
