Purpose: Help families meet the needs of their children and assist in accessing community resources. Services are available to any family with a child from birth through 21 years of age who is born with or later develops a condition that can impact on development, learning or health. We are the single point of entry into the Early Intervention Program, which assists families of children from birth to age three. The service coordinator will assist you in obtaining a developmental assessment for your child and help you to access services and community resources. As a team, we will assist in the continual development of an Individual Family Service Plan to address your concerns and needs and ensure that you are aware of and understand your rights throughout the Early Intervention process.

Eligibility: Case Management—Any child birth through 21 years old who is born with or later develops a condition that can impact on development, learning or health. Service Coordination—Any child birth to age 3 with a concern regarding a development delay.

(P:) (609) 465-3899

Contact: Paulann T. Pierson

E-Mail: paulann@capeworkshop.com

Website: www.capemaycountygov.net

Purpose: CMCODS is operated by the Jersey Cape Diagnostic, Training & Opportunity Center, works closely with the Cape May County Committee on Disability Services and the Human Services Advisory Council to provide assistance to individuals with disabilities as well as to their friends and families mainly through information and referral. The office provides information for disability specific local, state and national resources, and referrals, as necessary, to appropriate agencies for disability-specific services. We assist the County in planning and identifying the need for services, while also providing, developing or locating services where none exist, and avoiding duplication of services. The Office of Disability Services also strives to create community awareness of issues which affect people with disabilities such as handicapped parking, architectural and attitudinal barriers, other issues addressed by the Americans with Disabilities Act.

Emergency Preparedness Safety Tips

Visit READYCAPEMAYCOUNTY.ORG

- **Emergency Supply Kit:**
Stock water, 3 days of water (1 gallon per person per day), and ready-to-eat, nonperishable food; general supplies such as a flashlight, utility knife, paper goods; personal supplies such as medications, clothes, shoes, and blankets; and copies of important documents such as license, birth certificate, and credit cards. Also, have a first aid kit.
- **Create A Personal Action Plan:**
Keep contact information handy, identify a meeting place for your family near your home and another outside your neighborhood, pick an out-of-state friend and another who lives near you as your family's contact, and plan ahead for care of pets and livestock.
- **Create and Know Your Evacuation Plan:**
Maintain your car with at least a half tank of gas, and plan multiple routes out of your area. Be aware: The Office of Emergency Management (OEM) may issue specific evacuation routes.
- **Review Your Plan:**
Update your kit every 6 months to replace outdated supplies and revise your plan if you add a new family member or if you move.

Register In Advance

Cape May County residents who may have difficulty during an evacuation because of physical or other limitations or lack of transportation can register in advance through their local office of Emergency Management, at registerready.nj.gov or by calling 2-1-1.
