Project Narrative

Please provide responses to the issues presented below and attach to this application.

1. Site Features:

- A. Describe the architectural, cultural, and historical significance of the property.
- B. Describe the existing condition of the property, including the condition of any structures. Indicate if any historic preservation plans or studies have been completed on the property; provide copies if available.
- C. Provide details on the proposed historic preservation project. If the site is listed on the National or State Historic Register, provide documentation that the proposed work is being completed in accordance with the Secretary of the Interior's Standards for the Treatment of Historic Properties.
- D. Indicate if the proposed project is employing any innovative techniques and/or solutions to integrate energy conservation into the preservation efforts.

2. Community Needs and Planning:

- A. Demonstrate the level of community support for this historic preservation project. Include letters or other documentation from municipal, county, community organizations, or other interested parties.* If the applicant is a municipality, a resolution authorizing submission of the application and demonstrating public support for the project is required.
- B. Provide a general indication of the municipality's existing historic resources, including the presence of any designated historic districts. Indicate how your project will contribute to local and regional historic preservation initiatives and will provide links to other historic resources to enhance visitor experiences.
- C. Describe the land use and development patterns in the immediate surrounding area, and how the preservation of this property would enhance the area's historic character.
- D. Explain how the general public can gain access to the project / property, including a schedule of regular public hours. If user fees are collected as part of said access, provide a fee schedule. Please note that any fees must be modest, customary, and reasonable in relation to the property and the programs offered at the facility. If the project has received site plan

approval and/or variance approval from the local municipality, please provide copies of the local resolutions detailing any restrictions for public access. Similarly, if any deed restrictions or other conditions related to public access exist, provide copies of those documents as part of your application. Please note that the Open Spaces Board may require one day of “free” admittance to the project/property as a stipulation for receipt of grant funding under this program.

3. Leveraging of Investment / Long Term Viability:

- A. Provide a detailed project budget; indicate which of the elements of the project are to be funded with County Trust Fund dollars. Indicate the amount and sources of the required minimum cash match (see tables on page 2 for matching requirements). In-kind services are not eligible to fulfill the applicant’s matching requirement. Matching funds **MUST** be project-specific and cannot be general revenue or funds held by the applicant for purposes not related to this particular project. Please note that if the project is recommended for funding, a contract detailing the source and documentation of the matching funds will be required. This contract will also provide the terms of financing for use of Open Space funds for the project.
- B. Explain how the investment of County Trust Fund dollars to preserve this property will leverage existing and planned public and private projects in the community and the region.
- C. Provide a project timeline, with milestones and projected dates for all elements of the project, including design, permitting, construction, project completion, etc.
- D. Indicate the level of commitment of the Project Developer for the long-term maintenance and viability of any funded improvements.
- E. Provide information on the Project Developer’s success with past projects of a similar nature.

*Project Eligibility / Non-Building “Structures”

The concept of funding “structures” was discussed at the Open Spaces Board’s meeting held on June 28th, 2016. Conclusions were as follows:

- The National Park Service’s definition of the word “structure” must be met in order for a structure to be eligible; eligibility would be determined through the process of obtaining a Certificate of Eligibility and/or listing on the State or National Register of Historic Places.
- Structure must have significant roots in Cape May County’s history
- Structure must have documented permanent “residency” in Cape May County
- Structure must be accessible to the general public free of charge, or for a nominal charge
- Educational programming documenting structure’s significance to/in Cape May County must be provided on an ongoing basis
- A cap of \$150,000 in Open Space grant funds will be established for each calendar year for “moveable” structures
- Applications for Historic Preservation projects for Structures would be accepted only once per year, during the August funding round. Applications for Buildings will continue to be accepted during all three funding rounds.

Eligible Activities:

Acquisition: The purchase in fee of an eligible property, building, structure (*), facility, or site by the County, a municipality or charitable conservancy. Potential applicants are strongly encouraged to set up a pre-application meeting with the Open Space Board to determine eligibility prior to the development of an application / project.

Stabilization: The essential maintenance of a deteriorated building, facility as it exists at present, establishing structural stability and a weather resistant enclosure

Rehabilitation: The act or process of making possible compatible use of a building through repair, alteration, and addition while preserving those portions or features that convey its historical, cultural, or architectural value. Rehabilitation emphasizes the retention and repair of historic materials, but more latitude is provided for replacement because it is assumed the property is more deteriorated prior to work. Both Preservation and Rehabilitation standards focus attention on the preservation of those materials, but more latitude is provided for replacement because it is assumed the property is more deteriorated prior to work. Both Preservation and Rehabilitation standards focus attention on the preservation of those materials, features, finishes, spaces, and spatial relationships that, together, give a property its historic character.

Restoration: The act or process of accurately depicting the form, features, and character of a property as it appeared at the most significant time in the property’s history by the retention of materials from the most significant time and reconstruction of missing features from the most significant time, while permitting the removal of materials from other periods.

Preservation: The act or process of accurately depicting the form, features, and character of a property as it appeared at the most significant time in the property’s history by the retention of materials from the most significant time and reconstruction of missing features from the most significant time, while permitting the removal of materials from other periods.

Emergency Activity: The acquisition, stabilization or repair of a property may be permitted provided the property is in imminent danger of destruction, demolition, or collapse and the Trust Fund has available funds.
