CATEGORIES OF FUNDING:

There are three categories of funding under the Division's regrant program.

Special Project: Funding is for any applicant, regardless of the intent of its charter, to sponsor a special arts or history related project. This Special Project funding is intended to allow, for example, a civic organization to present a music program as part of its annual holiday celebration; a social organization to mount an exhibit; or the local center to stage a theatrical performance. A single event.

General Programming Support (GPS): Funding is for any applicant, regardless of the intent of its charter, to offset the expense of presenting major, on-going arts programs. These programs should have their own mission and goals and contain multiple events or activities. These activities could include a series of concerts, history lecture or other multiple events throughout the year and is distinguished from Special Projects by having multiple events rather than a single activity within a calendar year.

General Operating Support (GOS): This funding is for applicants whose charter is primarily arts or history related. It is designed to provide general operating support for groups that increase exposure to art/history in the community. This would include, but is not limited to community theater groups, dance companies, museums or galleries, orchestras, and singing groups who exist primarily to create and/or perform art or history projects. General Operating Support funding is more stringent in its requirements and more detail is required in substantiating fiscal responsibility.

Organizations may apply for one (1) arts re-grant and one (1) history re-grant per year. Two (2) separate applications are required.
